COR-1511

MEMORANDUM FOR: Dr. Joseph V. Charyk
Under Secretary of the Air Force

SUBJECT: Information Release on Program [REDACTED]

REFERENCE: Your memorandum, dated 6 January 1962,
subject, Program [REDACTED] Launch

This note is simply to confirm our agreement reached on 11 January 1962 that the Program [REDACTED] Launch will be treated in information releases in much the same way as SAMOS. Essentially there will be only a short post-launch announcement that a satellite was successfully launched and that it carried classified test components.
