The delays normally anticipated at this developmental stage of these projects so far had not turned up.

ACTION: [REDACTED] - SUSPENSE: 30 July (in time for 31 July panel session)

3. CORONA. In response to a query Mr. Bissell stated that not more than one person from the DPS staff would need to be primarily involved in the field on CORONA.

Mr. Bissell said a meeting was needed in the near future among Col. Sheppard, [REDACTED] Mr. Anderson and Mr. Lloyd, to discuss (a) cover and (b) operational procedures on CORONA. Mr. Bissell also commented that someone from Operations should make an on-the-spot examination of the physical layout at Cooke.
