MEMORANDUM FOR MR. GOODY, CHAIRMAN, SPACE POLICY
WORKING GROUP

SUBJECT: Input to National Space Policy Paper

Attached is an input for the first draft of the National Space Policy paper. It represents the initial views of my office, CIA and the NRO. I understand that the OCS basically agrees with this paper but will provide additional comments in separate correspondence. We will, of course, reserve the prerogative to make amendments to this input as independent members following review of the entire draft.

You may note that we have refrained from providing satellite system technical detail and costs in this input. We understand that these elements will not be immediately relevant for the first draft paper.

Please call me, Dr. [REDACTED] Captain Curran or Lt Colonel Coyle if you have any questions concerning this input.
