MEMORANDUM FOR DR. FOSTER  
DR. FLAX  
MR. FINK

SUBJECT: Minutes of the February 9 MSFPC Meeting

On March 14, 1967, Mr. Fink met with Admiral Boone (at Admiral Boone's request) to resolve the disagreements in the text of Item 2 of the Minutes. The meeting resulted in a compromise on the wording of the last 3 paragraphs of Item 2 (page 2 and 3) and of Action Item 1 (b) (page 6). The agreed-upon rewording appears in the attached final version of the Minutes.

I have reserved, on each of your calendars - Thursday, March 30 from 2:00 to 4:00 P. M. for the next meeting of the MSFPC. The essential purpose for this meeting will be the review of SACC findings and recommendations on the procedural handling of information related to and photographic products resulting from the proposed Earth orbital test flights of the LM&SS (UPWARD) system. (February 9 MSFPC meeting Action Item 2).

Additionally, we anticipate the discussion of Action Items 3, 4 and 5. Action Item 1 (a), as revised, has been completed. NASA has asked that its report on Action Item 1 (b), as revised, be deferred until after the FY68 budget hearings have been completed.
