AIR FORCE MOL POLICY COMMITTEE

Highlight Summary
of
Agenda Item for Meeting 66-4, June 9, 1966

1. Old Business: In Meeting 66-2 a status report was presented on the wholly unmanned DORIAN System Study being conducted by SAF-SP.
2. Report on Manned/Unmanned Cost and Effectiveness Comparison Studies: This briefing will cover the results of studies, inhouse by SAF-SP and under contract with Lockheed and General Electric, conducted in response to a BOB request. The analysis will include comparative development and operational costs and differences in effectiveness of the MOL mission, manned and unmanned.
3. Committee Action Requested: None.
