Memo For Record.

28 February 1957

Subject Discoverer

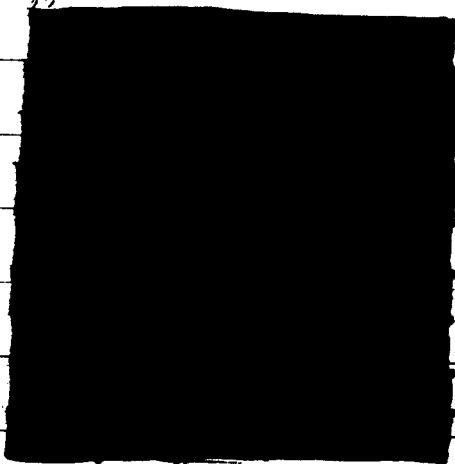

1. A meeting was held in Gen Estes office this date with the following officers:

Gen Estes

Gen Preston

Gen Watson

Gen Boushey

2. The objective of the meeting was to establish a group or committee to cover the Air Force actions on the Discoverer Corona program. Gen Watson wanted broader Air Force participation and a working committee to insure that there are no details overlooked in the Staff.

3. Gen Watson also indicated that there are problems of obtaining the end results from CIA and would like to see the Air Force as the chief operating agency. It was pointed out by  and Gen Estes

over

that there are no problems with the present method of doing business and that the Air Force will be able to select targets and receive all the outputs from the program.

Gen Watson did not agree with this and would pursue this to a later meeting.
