DEPARTMENT OF THE AIR FORCE
OFFICE OF THE SECRETARY

MEMORANDUM

July 1 74

World you please take on
about a six-month project to
set up some plan for the
acquiring and storage of museum
pieces for the NRO. I think
that it is a good idea to
see who, such a plan would
entail, who is available now,
where it is, and methods for
setting a scheme for acquiring new
pieces such as [redacted] after [redacted]
comes in, etc. See what you
can do with the help of
progs A, B, C & (D) (for the time-
being), so that some consistent
scheme can be established for the
planner to sponsor. Thanks
