MEMORANDUM FOR THE RECORD

SUBJECT: Discussions at San Francisco on the ARCON and CORONA programs

1. As a result of discussions with Messrs. [REDACTED] and Company, the following facts evolved which are exclusive of any changes as a result of technical discussions on 2 and 3 May 1960.

a. CORONA-White Studies now being conducted have the potential of increasing black hardware costs to this program. In addition to this Mission telemetry will cost approximately [REDACTED] by 30 June 1960 plus an unknown amount after that date.

b. CORONA Prime-The total estimate of [REDACTED] appears adequate. [REDACTED] AF, has advised recently that only [REDACTED] will be available 1 July 1960) except that:

(i) the figure includes [REDACTED] for G.E. changes through 30 June 1960 (nothing beyond) plus [REDACTED] for G.E. field services. G.E. has indicated that the stringent quality control required may increase the cost further.

[REDACTED] (ii) the FUCS-FHX changes will cost approximately [REDACTED]

(iii) the White lines based on studies may increase the black costs.

[REDACTED] c. CORONA Buckle Prime-The AF budget estimate of Mr. [REDACTED] is [REDACTED] for the six shots.

d. ARCON-The estimated cost for LMSD is [REDACTED] plus:

(i) FUCS additional costs of [REDACTED] plus [REDACTED]

(ii) Hardware costs based on White studies.

(iii) G.E. costs due to increased quality control.
