c. [REDACTED]

2. CORONA/ARCON:

a. The count down for the shot on the 26th was interrupted when trouble developed on account of fluctuations in current from the auxiliary power supply. The firing date was slipped to the 29th. It may be that the

ripple caused by such fluctuations is sufficient to activate the torque motor on the take-up side or to cause uneven operation, and might be the major source of our difficulties. The fix planned by Lockheed will be reviewed on January 27th by Colonel Battle, Mr. Klefer and [REDACTED] before the go signal is given.

b. Meetings were held with [REDACTED] to review status on the back-up tracking system for ABOON.
