MEMORANDUM FOR THE RECORD

Major [] called and wanted to discuss the November 13 letter from Mr. Froehlke. I returned Major [] call and found that the 13 Nov letter Maj [] was speaking of was not the one we have been working on, but rather was concerned with an additional 5% reduction in FY 71 funding. Major [] also wanted to discuss how "we are going to handle the FYDP." I told Maj [] we would call him back.

I discussed Major [] call with [] and he told me that an answer to the Froehlke letter concerning the 5% reductions had been forwarded to Dr. McLucas for signature. He also stated that a package containing the FY 71 budget and the options which will "automatically determine the out year costs" was forwarded to Mr. Froehlke yesterday. I called Maj [] and stated that a letter on the 5% reduction would be forthcoming. I also stated that we would forward the package to Mr. Froehlke and that we will now be looking to the ExCom for our direction. I believe Major [] understood my between-the-lines comments concerning looking to the ExCom for direction. I consider the item now closed.
