MEMORANDUM FOR THE RECORD

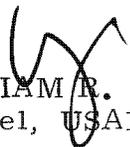

On October 2 I was called by DIA, who asked my approval for accessing five individuals to serve as a subpanel on intelligence to the Fitzhugh Blue Ribbon Defense Panel. The individuals were:

[redacted] Mr. Jackson, Mr. Powell and Mr.

[redacted] Since DIA was not able to provide any details on this arrangement, I asked the genesis of the request. I was told that Mr. Froehlke's new office had asked.

I called [redacted] to understand more about the request. Schufelt explained that the first four were about ready to begin their subpanel efforts and that [redacted] had not yet joined them. In discussing their informational need I suggested to [redacted] that we access them BYECOM only since their requirement for information in our program was only very slight and only to the extent of understanding that it did exist. [redacted] agreed. I called DIA back and authorized a BYECOM access for each of the individuals.

Please note that [redacted] is already cleared into several projects as is [redacted], who serves on the Land Panel.
