Case Closure Recommendation Justification

Additional Information:

(U//~~FOUO~~) The events at issue in this case occurred at the National Reconnaissance Office's (NRO) Aerospace Data Facility – East location predicating NRO Office of Inspector General's (OIG) involvement. The case was referred to Air Force OSI as all the events and contracts involved belong to the Air Force not the NRO. OSI requested the NRO OIG periodically review the subject's NRO email account for email pertinent to its investigation that subject was manipulating the contract process on an Air Force contract. On 4 August 2020 the OSI agent assigned the case informed NRO OIG that he had closed the matter out. Recommend closure of this case as OSI has no further requirement of NRO OIG's support.
