Case Number: 20-0049-C	Date of Entry: 16 Sep 2020
Primary Investigator:	(b)(3)

Allegation Information

Narrative:

(U//~~FOUO~~) On 11 December 2011, the OIG received an allegation that [redacted] a contractor, was held to blame by his management for problems on the NMIS. However, the problem was actually caused by [redacted] (b)(3) another contractor/coworker who deliberately went into [redacted] work/project and made changes while [redacted] (b)(7)(c) was on leave.

Last Investigative Step:

8 Jan 2020: Interview of complainant

Resolution:

Unsubstantiated

Case Closure Recommendation Justification

Additional Information:

On 8 Jan 2020, the OIG interviewed the complainant regarding the specific details behind her allegation. The Complainant had no specific details only speculation, the potential victim left NRO prior to complainant contacting the NRO OIG and the person identified by the Complainant as someone who could potentially verify the Complainant's concerns also left the NRO prior to contact with the NRO OIG.

Based on the information above, recommend closure of this action as Unsubstantiated due to the lack of specific details of any wrongdoing.
