### Case Closure Recommendation Justification

**Additional Information:**  
 (U//~~FOUO~~) In December 2019 complainant filed an Office of Inspector General (OIG) complaint to both the National Reconnaissance Office (NRO) and National Geospatial-Intelligence Agency (NGA) OIGs regarding potential security and Equal Employment Opportunity (EEO) issues at NRO's Aerospace Data Facility – East (ADF-E). Because the allegations involved NGA officers supporting an NGA program, the NRO [redacted] referred (b)(3) this to NGA OIG for action by that office on 3 January 2020 stating the NRO OIG would provide support to any investigation NGA OIG deemed appropriate. NRO OIG's support solely consisted of correspondence with NRO's Office of Security and Counterintelligence (OS&CI) about actions it took regarding this issue since part of the allegation involved a security matter. On 29 June 2020 the [redacted] at NGA stated it no longer required NRO OIG's assistance in this matter. As such, this case is recommended for closure as referred.
