Case Closure Recommendation Justification

Additional Information:
(U//~~FOUO~~) OIG received information alleging a claim of harassment between two contractors located at OSL in Cape Canaveral. The Cape Canaveral leadership was concerned the harassment was also tied to potential blackmail between the two contractors.

(U//~~FOUO~~) The OIG completed interviews and conducted a review of relevant documents regarding the allegation of potential blackmail. The interviews and review of the documents failed to produce any merit to the allegation of potential blackmail between the two contractor employees. OIG determined no further investigation or referral to local law enforcement is warranted regarding the alleged conduct and nor were any records or information for subsequent referral to the Cape Canaveral leadership or the Office of Security and Counterintelligence obtained for further consideration.

(U//~~FOUO~~) Based on the information above, recommend closure of this action as Unfounded.
