Sir, we have located one responsive document to the McCain request. It will begin its way through our review process for release determination.

We have issued a "no records" response to Mr. Greenwald on the Obama request.

Please let me know if you need additional information.

Jim, my sources tell me that we have records responsive to the McCain request (I have not seen them yet) but none for Obama. Stand by for update.

Clarification from NSA. It was no records on Obama. For the request on McCain, we had a previously released document (a sanitized response to a constituent inquiry), and cost estimate for additional search.

The White House is being advised of the FOIA requests by Greenwald for Obama/McCain correspondence. Please send me an update every Friday on the processing progress. I understand NSA has responded with a no records.

Subject: Significant FOIA Requests

I would like all DoD Components that recently have received FOIA requests from John Greenwald similar to what follows to let me know immediately. I already know that NGA and NSA have received these requests. One is for all emails, correspondence, documents between the office of or Senator Barack Obama and your Component from the year 2008. The other is for all emails, correspondence, documents between the office of or Senator John McCain and your Component from the year 2008. The requests are dated 10 September 2009.
