Here is an excerpt from the CBJB status (chart below). The top two are shaded and closed for some time. The case highlighted in yellow can move forward to Aftergood; ODNI approval came in mid-Nov 2015 and was placed in the FOIA case file. I will prepare the doc and do the final letter and give it to you, probably on Tuesday.

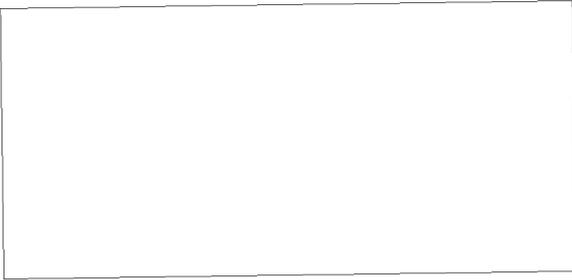

There are only two cases from Greenewald—F13-0112 is with Patti; the other (F14-0016) is ON HOLD.

You can see the corresp folder for F13-0112 for the latest corresp sent to Greenewald—re asking him to accept the partial review (which he denied).

CBJB RELEASE & STATUS

Case ID	Category	Fiscal Year	Review Status	Release Date
F13-0112	J. Greenewald	FY2013	FULL REVIEW	Completed DOD/ODNI review & approval; Currently with Chief, IRRG for final approval

In December, you provided NSA's estimated completion dates for the consults in NRO's 10 oldest cases. As recently as March, you estimated some of these cases (highlighted in yellow) would be completed in April. Since we have not yet received NSA's response on these cases, would you please provide us an updated, estimated completion date (ECD)?

70374	F12-0103	Ravnitzky	27 May 2012	6 docs 377 pages	Approval queue awaiting senior review <u>April 2016</u>
70327	F12-0139	Greenewald	13 September 2012	2 docs 13 pages	Approval queue awaiting senior review <u>April 2016</u>

73291	F13-0084	Richelson	30 April 2013	4 docs 12 pages	Backlog <u>June 2016</u>

As you are aware, both ODNI and DOD have recently issued guidance about maintaining separate consult queues so that consult cases (especially those consults that remain in the sending agency's 10 oldest list) do not stagnate in a large backlog of requests.

We look forward to receiving your responses on these cases.

Thanks,

Good morning, [redacted]

(U) Sorry for the office misnomer on the consult request; and we do understand that your office does not do FOIA for all DoD entities. Given the content of this particular case, I believe [redacted] intent was quite obvious, and I believe this request has, indeed, arrived in the right place for review. (b)(3)

(U) As a member of the Intelligence Community, the NRO does not generally process FOIA cases via non-secure systems. We are also required to capture and maintain our FOIA administrative records and correspondence on classified systems. [redacted] (b)(3)

[redacted] We have utilized secure email for consultation with OSD/JS FOIA for a number of years with no problem. Would it help, in the future, if we call your office to notify you when we are transmitting something via classified email?

Thanks!

Hi [Redacted]

Thank you for your email. Just because a document is responsive does not mean it is releasable. The FOIA has nine exemptions under which we can withhold information, of which Exemption 1 protects classified information. In order for BPO [Redacted] to comply with the request, they just need to provide us with the responsive documents and we will take it from there. We will review the documents and redact any classified information (and other information as appropriate) and coordinate with OS&CI for a security review before the documents are released to the requestor.

(U) Not sure if I'm seeing the revised letter..... can you verify, please? I did a couple of quick fixes on the document that I think adequately address the matter of the exemption citations; one note on the first redacted page that covers nearly all the redactions (see pdf page 6), and individual notations in those places that (b)(3) only is applicable.

Made a couple minor changes to the letter. We don't have to include the exemptions at the redaction site because it was previously released?

I really appreciate you taking the time on this and we certainly understand about difficult, competing priorities! We hope it will be possible for NSA to respond in the beginning of September in order for us to close out some of our ten oldest cases. Do you think this is tenable?

[Redacted]

I'm following up on NSA's last status update for the consults in NRO's 10 oldest cases. In early May, you estimated some of these cases (highlighted in yellow) would be pulled to move them along. Since we have not yet received NSA's response on these cases, would you please provide us an updated, estimated completion date (ECD)?

70374	F12-0103	Ravnitzky	27 May 2012	6 docs 377 pages	Approval queue awaiting senior review <u>April 2016</u>
70327	F12-0139	Greenewald	13 September 2012	2 docs 13 pages	Approval queue awaiting senior review <u>April 2016</u>
70013	F13-0014	Richelson	22 October 2012	2 docs 57 pages	Approval queue awaiting senior review <u>April 2016</u>
75615	F13-0072	Ravnitzky	28 March 2013	5 docs 11 pages	Backlog <u>June 2016</u>
73291	F13-0084	Richelson	30 April 2013	4 docs 12 pages	Backlog <u>June 2016</u>

As you are aware, both ODNI and DOD have recently issued guidance about maintaining separate consult queues so that consult cases (especially those consults that remain in the sending agency's 10 oldest list) do not stagnate in a large backlog of requests.

We look forward to receiving your responses on these cases.

Thanks,
