Last Investigative Step:

The OIG received memo for an indefinite suspension of Subject from [REDACTED] on 2 July 2012. (b)(3)

Case Closure Justification

(U//~~FOUO~~) On 15 December 2011, the NRO Office of Security suspended [REDACTED] accesses to NRO programs based in ICD 704 guidelines pertaining to the Use of Information Technology and Person Conduct. The OIG verified this fact via the [REDACTED] database. The Air Force placed Subject on administrative leave. The OIG reviewed badge records and time cards for Subject for the period 1 September to 15 December 2011. During this period, Subject had 64.68 (13.8%) hours of 469.5 hours reviewed of unaccounted for time. (b)(3)

(S//~~NF~~) The OIG received information from NRO OS&CI, [REDACTED] regarding Subject's unclassified computer usage. During the time in question, Subject spent on average over one hour per day on the unclassified system. However [REDACTED] could not provide the OIG with "logged on" versus "active" time; therefore, it could not be determined how much time Subject actually spent using the internet. According to [REDACTED] an individual can be inactive, but showing logged on to the system.

(U//~~FOUO~~) The OIG interviewed [REDACTED] Subject went to (b)(3) gym several days a week. Subject's job duties required him to be outside the facility, but not for extended periods and (b)(7)(d) did not attend regularly scheduled meetings outside the facility. Subject spent a lot of time on the phone outside (b)(3) facility.

(U//~~FOUO~~) Based on information from [REDACTED] the OIG validated that Subject did not claim time on his time card for time at the gym. Due to Subject's position as [REDACTED] the OIG could not determine whether Subject's time out of the facility was job-related or for personal reasons.

(U//~~FOUO~~) Due to limited resources the OIG did not interview Subject. As of the date of this report, Subject is still appealing the decision with the Department of Defense for his indefinite suspension. Based on the aforementioned, the allegation of false claims could not be resolved. Investigator recommends case closed as unresolved.
