OFFICE OF THE INSPECTOR GENERAL

MEMORANDUM FOR GENERAL COUNSEL, NATIONAL RECONNAISSANCE OFFICE

SUBJECT: Closure of NRO IG Project 95-10

We conducted a preliminary inquiry in response to an NRO IG Hotline allegation that a Speed Monitor Display device, which monitors vehicle speed in the [redacted] parking lot, may be a violation of Executive Order 12333, United States Intelligence Activities. The complainant questioned the cost of the device and whether photographs or videos were made of drivers and vehicles who exceeded the speed limit. They also questioned whether Vance Security Guards issued speeding tickets.

(b)(1)
(b)(3)

The inquiry disclosed no violation of Executive Order 12333. The Speed Monitor Display device was borrowed from the Fairfax County Police Department at no cost to the NRO. No photographs were taken and the license numbers of automobiles were not recorded. Vance Security Guards did not issue speeding tickets. The device was temporarily installed to make people aware of how fast they were driving and to encourage them to observe the speed limit.

This inquiry has been completed and closed by the NRO IG. No further action is anticipated. The Report of Investigation is attached, less the exhibits, which are available for review in this office, and is being provided in furtherance of your responsibilities under Executive Order 12333.

If you have any questions please contact [redacted] (Secure).
