(U) F-2017-00178 – Request for first 5 years of The Recon

(U) IM transcript – [   ] 31 January 2018

Hi! When you have a second, could you check on something for me? Does [   ] have copies of "The Recon" (produced by BPO/OCPA, I believe), dating from [   ] or earlier?   (b)(3)

(U//~~FOUO~~) [   ]   (b)(3)

we do...how far back would you like to go?

(U//~~FOUO~~) [   ]   (b)(3)

We have a requester looking for the first 5 years... I'm guessing that is a lot of stuff. How far back does it go?

(U//~~FOUO~~) [   ]   (b)(3)

The earliest I see in a quick check is [   ]

That's me manually selecting them, since a search for Recon brings up a ton of stuff that's not related to the newsletter. I'll send you what I found with this initial search but will also take another look after lunch and try to narrow it down a bit. Let me know if you only want certain years. I could just do ⬚ if they want the first five years.

(U//~~FOUO~~) ⬚

(b)(3)

If you can check to see if it is feasible to locate the actual newsletters from ⬚ that would be a good place to start. Does it appear that this will be a mess trying to figure out what is actual newsletters... and what is just related stuff? No huge hurry on this. This case is going to take a while, no matter what we end up doing.

Thanks!

(U//~~FOUO~~) ⬚

I don't think so...the titles on the documents are "the RECON Newsletter" and then the date. Looks like they were monthly.

And almost all of them are in one job

Actually, the early ones are titled [   ] and then have a volume and the date. But either way, I think they're organized fairly well.

The Information Management gods must be smiling on us. For once. I'm hoping these are individual pages so it won't be a pain to scan. Anyway, when you have a chance to determine how much of a pain this will actually be, let me know!

Oh and i didn't have to manually select them...I was able to narrow it down, so this list is very accurate. sending now.

You are awesome! I'll check it out and let you know what we need to do next.
