(b)(3) 31 USC § 711

For the most recent award fee period on the SHARP contract, I've attached the Award Fee Letter that was provided to the contractor and Award Fee Determination Justification and Analysis Summary that was briefed to the Director of the NRO.

Please let us know if this meets your request for "fee determination documents" from your original request. I also promised these to Matt Shaughnessy from your general counsel's office. I wasn't able to obtain his JWICS account information. Would you mind forwarding this to him, or providing his address? I'm standing by to discuss at your convenience.

Thank you for your time and patience on this as we worked through our processes.
