Description * (required field)

What needs to be done? (U) IRRG received a FOIA request for, "Request a copy of all emails, sent to/from bcc/cc'd Director of the National Reconnaissance Office, Christopher J. Scolese, that contains the phrases and keywords: "Unidentified Aerial Phenomena" and/or "Aerial Phenomenon" and/or UAP and/or UFO and/or "Unidentified Flying Objects" and/or UAPs and/or UFOs and/or "UAP Task Force". I agree to limit the scope of my request to records dated August 5, 2019, through to the date of processing this request. I ask that you please include ALL ATTACHMENTS to the emails discovered, and that you search NIPRNET, SIPRNET and JWICS if that applies in this instance. Also, I agree to omit e-mails only of publicly available newspaper articles. but if there is commentary of any kind (information in addition to the article)."

(U) IRRG requests that [] conduct an **INITIAL SEARCH** for responsive documents. If you locate responsive records, please place them in the appropriate folder below:

[]

(U) **At this point in time, we will NOT need you to conduct a review of the documents. Please just place them in the appropriate share drive folder.**

(U) NRO needs to maintain a comprehensive record of all FOIA processing activities. As part of your component's TIER response, you will need to include a brief summary of how your component's search was conducted (search terms used, date ranges, which databases, SharePoint sites, or files searched, and who searched). Please provide an estimate of the total search and review time that will be required, as well as an approximate figure for the number of pages of documentation that will require review. Please note that IRRG can no longer accept a TIER response that does not include this information.

(U) A copy of the original request is attached for reference.

Why it needs to be done? To comply with FOIA Law. Please keep in mind that providing responsive records to IRRG does not equal release of the record. IRRG reviews the provided documents and redacts information falling within applicable exemptions or statutes.
