MEMORANDUM

23 July 1975

NOTE FOR MR. PLUMMER

Here is a copy of the Kissinger memorandum which establishes the Standing Space Policy Committee. This resulted from our dialog with NASA and represents a major step forward in drawing attention to some of the major space issues which have gone unattended for the past several years. You and Ambassador Ellsworth will represent the Pentagon, thus providing two voices at the debates. Dr. Elliott of the NSC told us that there will be an early start in addressing the issues cited in the last paragraph.
