Subj: FY 1976 POPPY Statement of Work

Ref: (a) POPPY Equipment Disposition Plan, June 1975

1. Purpose: This statement of work defines FY 76 tasks to be performed in support of POPPY.

2. Objective: The objective is to continue POPPY operations support as long as satellites are producing useful data and to make an [redacted]

3. Concept: POPPY is an NRP resource that receives direction for ELINT collection from the USIB as the requirements authority. Director, Program C is the NRO designated manager for all aspects of planning, programming, budgeting, financial control, procurement, engineering, test and logistic support. The NRL and the NSG are the principal organizations through which POPPY is operated and supported. NRP funds are provided to supplement standard operational funding and to purchase engineering and logistic services not otherwise available. This Planning Guidance Document (PGD) sets forth the planned disposition of POPPY resources for FY 76.

4. Cancellation: This document remains in force until specifically amended or cancelled by the POPPY System Project Officer. PGD 3519-75-02, dated 3 Dec 74 (BYE 59,984,74) is cancelled and superseded by this PGD effective 1 Jul 75.

5. Background Information: The POPPY Project will be terminated when the 7107 series of satellites are no longer producing useful data. [redacted]
