PROJECT CANES AGREEMENT

I have been briefed concerning Project CANES and I certify that I fully understand the import of this briefing. I further certify that I am now knowledgeable in a highly classified area of the utmost importance to the security of the United States.

I understand that access to information concerning any aspect of this program is limited to a strict "need to know" basis and that approval for access thereto can only be given by responsible officials of the Advanced Research Projects Agency, the Office of the Special Assistant to the Secretary of Defense (Special Operations), and the Office of Naval Intelligence.

In view of the above, I do hereby agree and declare on my honor that I will not discuss with or disclose to any person, regardless of his official capacity, position or status, any information relating directly or indirectly to Project CANES, which comes to my attention, unless that person is authorized to receive, discuss, and/or handle same. I fully realize that the responsibility for determining that such authorization is valid and current rests solely with me.

I further understand and agree that this agreement is of a continuing nature and is binding upon me even in the event of a change in my status, wherein I would no longer have a "need to know".

Fully realizing the import of all of the above, I hereby accept the responsibility to handle information concerning this project in accord with all security rules established.
