Radio Receivers R-390A/URR on Temporary Loan from Army Signal Corps - Permanent retention of

1. On 24 November 1959 this Branch received from the Army Signal Corps on Req. 173-6209/59, through its Tobyhanna Signal Depot, seven (7) R-390A/URR Radio Receivers on a one year loan basis. These receivers are covered by NRL Equipment Cards, numbers 0554 to 0560 inclusive.
2. Circumstances have arisen that make it desirable, if not essential, to assure the permanent retention of these receivers.
3. It is accordingly requested that the necessary overtures be made to the Signal Corps to effect such permanent retention of these seven receivers.
4. Should it become necessary to accomplish this through a purchase procedure, it is further requested that this Branch be advised of the total funds required in order that a Stub Requisition be prepared and forwarded to The Supply Department to effect such purchase.
