"

"

(e) PURPOSE OF CONFERENCE

Crosley representatives were seeking information on the NL/ALD-A equipment

(f) TIME CONSUMED IN CONFERENCE

4 hours

## BRIEF OF RESULTS

The above Crosley engineers are charged with the development of the AN/ALD-( ) direction finder under contract NDA 54-671c. Since the specification for this equipment was prepared here at NRL and the, as well as the model NL/ALD-A, they come to discuss the design details and performance details involved in this work.
