Note to File:

Briefing for Adm Clarey VCNO on 13 Sept 68....

Given by Capt Moffit and supported by Lorenzen/Mayo testimony.

Resume':

Excellent review of organizational structure and funding of Program and the overall areas of responsibilities....

No results given except to mention the General Search nature of program Charter.

Payloads were represented as being turned on by each collection site in turn instead of the onboard timer holding the systems in an ON mode for a predetermined timed cycle.

Excellent statement on the status of the excellent team thus assembled at little or no Navy Expenses, which now that the ABM/AES targeting is on the downward trend, might be deployed in support of the overall Navy Seasurveillance efforts.

Briefing for SEC Navy Ignatius...Capt Turner and Mr. Baird.

Same Moffit briefing but a slightly different supporting role by HOL
Strong testimony about NRL's role

A listing ~~for~~ Of FIRST'S for the Program.

List of Ship Fixes determined during month from mid August to Mid Sept.
Timeliness and accuracy and opportunity shown.
