#2

8/28/62 b1c

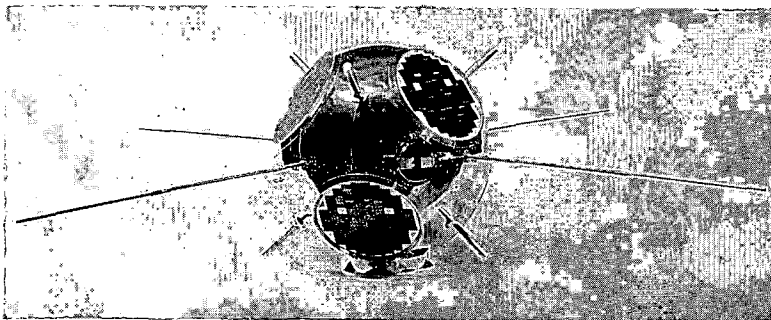

U.S. Naval Research Laboratory  
Washington, D.C.

## Presentation Ceremony

Tuesday, 11:45 AM  
28 August 1962

## Honoring

Twenty-two employees, through the Navy's Incentive Awards Program, for the original and ingenious design of satellites and payload instrumentation for scientific experiments.

A Solar Radiation Satellite

This is a typical NRL-designed satellite used for Solar Radiation Research and Low Frequency Trans-Ionospheric studies.

# Program

Welcome . . . . . CAPT A. E. Krapf  
*Director, NRL*

Remarks . . . . . Honorable James E. Wakelin  
*Assistant Secretary of Navy (R&D)*

\* \* \*

## PRESENTATION OF MONETARY AWARDS

In recognition of a group superior accomplishment the Secretary of the Navy has authorized an incentive award in the amount of \$5000. The names of recipients sharing in the incentive award are listed in order of presentation. Honorary awards are accompanied by a share of the monetary award.

# Department of the Navy

## CERTIFICATE OF AWARD

The Secretary of the Navy

takes pleasure in presenting the  
**DISTINGUISHED CIVILIAN SERVICE AWARD**

to

MR. MARTIN J. VOTAW

*in recognition and appreciation of the  
distinguished services set forth in the following*

### Citation

For his contributions to the earth satellite program at the U. S. Naval Research Laboratory, including the organization of an in-house satellite technique capability, the highly successful payload instrumentation of Vanguard, Solar Radiation and Low Frequency Trans-Ionospheric (LOFTI) Satellites, and the satellite design, construction and program coordination for the Solar Radiation and LOFTI flights. By virtue of these exceptional contributions Mr. Votaw is eminently deserving of the Navy's Distinguished Civilian Service Award.

*Jared Keatts*  
*Secretary of the Navy*  
*20 June 1962*
