Director, National Security Agency (K4/SPO)

Subj: POPPY Augmentation Meeting; report of

Encl: (1) List of Attendees  
(2) Agenda

1. A POPPY Augmentation Meeting was held at 0930, 10 February 1971, in Jefferson Plaza #1. The list of attendees and the agenda are forwarded as enclosures (1) and (2).

2. Captain GEIGER, Program Director, called the meeting to order and announced that the TCG and Augmentation Meetings would be held the same day and that the point of contact in the Program Director's Office for augmentation matters would be \_\_\_\_\_

3. \_\_\_\_\_ NSA, stated that he has included the cost of two SEL 86 computers for \_\_\_\_\_ in his fiscal 1973 budget.

4. Lieutenant Commander MCGRAN presented a schedule of \_\_\_\_\_ milestones and stated that NAVELEX was not really involved with the POPPY Program, but just with the site facilities external to the building.

5. Captain GEIGER announced that Dr. McLucas would be visiting \_\_\_\_\_ in March. Mr. Mayo, NRL, stated that the NRL team there now would soon complete their work and the site should be in good shape. Captain GEIGER requested that the NRO send a tentative schedule to the Program Director's Office.

6. \_\_\_\_\_ NSA, reported that there were problems in programming the billets for \_\_\_\_\_ since they must be taken from somewhere else. There is a possibility of converting some Army billets to Navy billets.

7. Lieutenant Commander MCGRAN, NSG, reported that the Navy has several links between \_\_\_\_\_ and some would be available and that a link between \_\_\_\_\_ would cost about \$50-\$60 per month. Even though this is available, a command capability \_\_\_\_\_ is desirable for operational and training purposes.

8. \_\_\_\_\_ NSA, requested data for budget submission. A meeting was then planned for 1330 at NRL for \_\_\_\_\_ concerned parties.
