## WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to BYEMAN Control System.

PME-106-51/wms

12 April 1974

From: PME-106 System Project Office  
To: Advanced Projects Office (Code 7030)

Subj: POPPY Funding

Ref: (a) WHIG 111306Z Apr 74 CITE 0449

1. Reference (a) authorized additional FY 1974 funding of \$110,900 for project POPPY. New line item totals are therefore as follows:

I.A.	Electronic Systems	\$ 17,800
I.B.	Salaries/Overhead	385,200
I.C.	MISC Materials & Travel	374,400
II.A.	Current Systems Maj Proc.	157,000
II.B.	SISS Zulu Operating Fund	35,000
III.A.	Contractor Services	604,300
TOTAL		<hr/> \$1,573,700

Actual Transfer of Funds will be accomplished shortly.

2. The DNRO has expressed concern about POPPY overruns and indicated higher costs in FY 1975. This office fully recognizes the effective cost savings efforts by the APO in FY 1974, and the legitimate requirement for sufficient funding in FY 1975 to effectively operate the system. Nevertheless, we must reaffirm that no further FY 1974 funds can be provided, and that project costs must be kept within the limits of paragraph 1 above. In addition, planning and budgeting for FY 1975 must reflect a realistic austere program which can be fully justified to the Director, Program C and to the DNRO.
