MEMORANDUM FOR GENERAL STEWART

SUBJECT: GAO Review of MOL

In follow-up to the agreements and instructions contained in the attachments, we have scheduled a meeting for 1330 hours, December 8, 1967, in 5D-227. The purpose of this meeting is to lay out the ground rules and basic understandings between the GAO and our cleared DCAA auditors to provide audit coverage for MOL as required by the GAO.

The GAO will be represented by Mr. William Newman, Director Defense Division, GAO; Mr. Harold Rubin, Associate Director, Defense Division, GAO. The DCAA will be represented by Mr. William B. Petty, Director, DCAA; and Mr. Arthur Hanley, NRO Auditor from DCAA.

Since Dr. Flax expressed the view that Mr. Rubin's services could be useful in a variety of NRO problems I notified Colonel Worthman of the meeting and suggested that he and General Berg attend the meeting. Colonel Worthman will let us know.
