

Draw

with

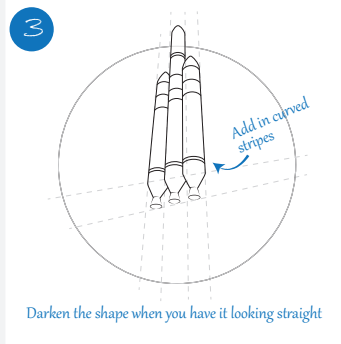

NRO

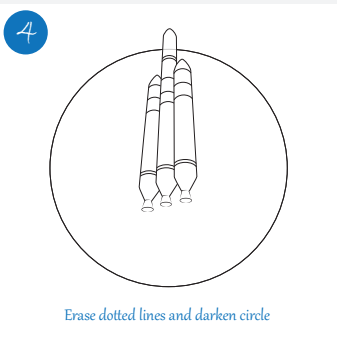

Lightly draw a circle with 6 dotted lines

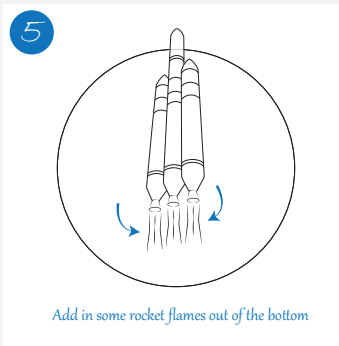

Lightly draw the rocket shapes using the dotted lines as a guide

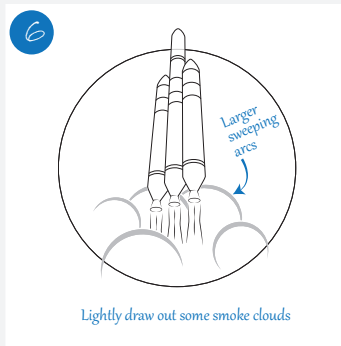

Darken the shape when you have it looking straight

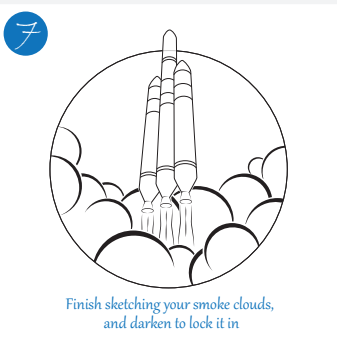

Erase dotted lines and darken circle

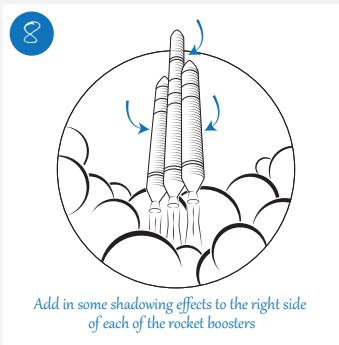

Add in some rocket flames out of the bottom

Lightly draw out some smoke clouds

Finish sketching your smoke clouds, and darken to lock it in

Add in some shading effects to the right side of each of the rocket boosters

Add in some color and cloud shadows
