24 April 1959

MEMORANDUM FOR : Acting Chief, DFD

THROUGH : Chief, Administrative Branch, DFD

SUBJECT : [redacted]
 (Briefing Regarding [redacted]
 and CORONA)

1. In accord with our conversation, [redacted] Assistant to T. Keith Glennan, Director, NASA, was given a general briefing on 23 April regarding the current status of [redacted] feasibility study, and our responsibility for CORONA.

2. As you are aware [redacted] has been designated by Mr. Glennan as the NASA Liaison Officer to this Agency. In this capacity he has frequent contact with Mr. Scoville, Assistant Director, Office of Scientific Intelligence. He also handles matters of concern to Mr. Glennan in connection with the latter's responsibility as a member of the President's Space Council. In this way [redacted] has a concern for our CORONA/DISCOVERER Program.

3. It was pointed out to [redacted] that we have not discussed [redacted] in detail with Mr. Glennan or [redacted] and this Program is very closely held within all elements of Government. In view of the potential NASA assistance to GUSTO, I recommend this Staff afford Mr. Glennan, [redacted] and [redacted] a more comprehensive [redacted] briefing on finalization of the feasibility effort. If you agree, we will follow this and initiate such a briefing in a few months when appropriate.

 Security Officer
 DFD-AD/P

CONCUR PARA 3:
 [redacted] 27 Apr 1959
 for [redacted]
 Acting Chief, DFD

In view of [redacted] shift to NASA, believe such briefing especially important and timely.
