

~~TOP SECRET~~

8 June 1960

MEMORANDUM FOR: Acting Chief, Development Projects Division

SUBJECT : History of CORONA Operations

REFERENCE : Memo for DD/P from C/DB/DPD, same subject,
dated 3 June 1960, with Attachment

I read your referenced memorandum and the attached Lockheed history of CORONA operations with interest. It is in my opinion a quite useful summary of experience to date. I also agree with you, however, that it is somewhat superficial and might well include the added points you suggest. I also agree with you that we should have such a document in the files, and most likely we will wish to refer to it in planning discussions during the next several months. I hope you will hang on to this copy while Lockheed is doing any further work you may ask them.

RICHARD M. BISSELL, JR.
Deputy Director
