MEMORANDUM FOR: Assistant Director, OSA

SUBJECT: LANYARD Target List

1. On 5 February 1963, Chief, Operations Division approved the camera program for LANYARD Mission 8001.

2. A review of the program by members of the CORONA Branch revealed serious deficiencies in the LANYARD target list. The number of targets in the USSR has been reduced and all targets outside of the Soviet Union have been removed. To compensate for these deficiencies, coverage of CORONA targets was placed in the program.

3. I thought it appropriate that this problem be brought to the attention of the Chairman, COMOR. The attached memorandum on this subject was prepared for your signature.
