MEMORANDUM FOR COLONEL WORTHMAN

SUBJECT: DIA TALENT Information Letter No. 10

Reference our discussion of 14 February 1969, I have prepared the attached letter to for your signature. This letter provides a statement of policy for access to the satellite camera manuals, that is not now included in the manuals, nor was it provided in Dr. Flax's cover letter during their distribution.

I believe the policy as stated emphasizes the "must know" concept, yet provides enough latitude to permit access under certain specific cases where access to the TALENT controlled documents is more desirable than granting BYEMAN access.
