Colonel Allen:

For your meeting at 4:30 PM today.

Attendees from ACDA:

Lt Gen (Ret) Davis

Mr. Spurgeon Keeney

The appointment was made by  ACDA's main purpose is to "close-the-loop following Bill Perry's discussion with Dr. McLucas last week" (specifically that portion which you carried -- having to do with ESL's effort in arms limitation verification).

ACDA is anxious now, since having been called to task as the responsible Government agency, by Mr. Duckett and his FMSAC group, to effect the proper coordination of their effort on this subject (specifically, of course, the contractual efforts involving BYEMAN information).

ACDA intends also to describe for Dr. McLucas what future requirements it proposes to lay on ESL for studies on this same subject -- verification.

Finally, they will ask Dr. McLucas for a point-of-contact in your Staff, since they "understand Paul Worthman, who used to be that contact, has now retired." I explained to  that Col Worthman had departed and that I had replaced him on the Staff.  of course, knows this and is, no doubt, seeking a point-of-contact who will perhaps be a little less strict in controlling these issues than I have been. I should continue to be that point-of-contact!

WILLIAM R. YOST
Lt Colonel USAF
