

NATIONAL RECONNAISSANCE OFFICE

10 Aug 2011

~~(S//TK//REL)~~ [redacted] **Hardware Re-use for National Aeronautics and Space Administration Mission**

(b)(1)
(b)(3)

~~(S//TK//REL)~~ The National Reconnaissance Office (NRO) will transfer residual telescope hardware from the [redacted] [redacted] program to the National Aeronautics and Space Administration (NASA) for re-use. NASA has expressed interest in obtaining this hardware to alter, refurbish, and launch it, primarily to support the Science Mission Directorate astrophysics science objectives.

(b)(1)
(b)(3)

~~(S//TK//REL)~~ The NRO has determined this hardware is not suitable for future geospatial intelligence missions, and is preparing plans to remove and desensitize classified portions of [redacted]

(b)(1)
(b)(3)

(U) Should you have any questions or require additional information, please contact the Office of Strategic Communications at [redacted] This notification is being sent to the leadership of all committees with intelligence oversight responsibilities.

(b)(3)
