MEMORANDUM FOR RECORD

SUBJECT: NASA Work Statement for PERCHERON

Floyd Sweet called today to tell me that the NASA internal document authorizing a dual (only) source selection for a PERCHERON study had arrived on his desk. It contains the word "existing" (see SACC minutes, 6th meeting) so it is classified. Could he just stamp it "Secret" and keep it "in a safe where only authorized people could see it?"

I replied, "No, the correct classification is 'Secret BYEMAN.'" Floyd agreed to use this classification.
