Of course the answer comes in right after I press send. I met an Acquisition Board 2x. Once in 2009, charts attached, as a Cost Plus contract strategy. The program then met a board again in 2012 to propose a change to Fixed Price. You should have those charts already, but let me know if you don’t.

This should conclude the documents you’ve requested outside of the PNMs that are here for your team to review. Thank you for your patience through all of this. It’s taken longer than I hoped, but we’ve been able to establish better processes for future requests and engagements. Again, please let me know if you have any additional questions or concerns.

These are the attachments that were in the Part 2 email. Sorry about that.

I'm still tracking down the PMP and ensuring there are no additional Acquisition Board Charts than the ones I already sent you.

Let me know if you have any questions.

V/R
Attached are the BASIC contract and most attachments for __________. In receiving these documents from the program office, I got the documents I’m sending you as a part 1 of 2 email. I never received the 2nd email, so we’re following up to make sure there either wasn’t as second email, or that we get whatever additional attachments there were out to you.

You are receiving these in 2 emails because I’m separating the GFE list attachment since it’s 17+ MB by itself.

Let me know if you have any questions.
