Confirmed. I called back to the senders and confirmed individually. Additionally, I passed the forms on to our Security folks so that clearances could be confirmed for the meeting.

We should be all set for the in-person folks.

Engagement 100646 Congressional Language

(b)(3)

All,

I checked the congressional language for the subject engagement with our security folks. They could not find anything classified about the language. I think it is likely safe for us to speak in the open about the language itself.

Please bear in mind that as soon as we cross into program-specific territory, we will likely be at a higher classification level. Please share this with anyone I missed who may need this info for the engagement. Thank you!
