UNCLASSIFIED

(U) The design of the above patch provides an unclassified symbolic representation of the NROL-37 mission to be used in conjunction with the launch of the satellite and will be visible on the Delta IV Heavy fairing.

(U) The Knight is a symbol of courage with a chivalrous code of conduct representing bravery, training and service to others. The Knight stands in front of the U.S flag in a defensive posture as to protect at all cost. The Eagle on the chest is a symbol of both freedom and the United States of America. The sword is a message of tenacious, fierce focus with the claws representing extreme reach with global coverage.

(U) XXXVII is the Roman numeral representation of the NROL-37 mission. Delta IV HLV is the launch vehicle configuration for the mission, with HLV an acronym for Heavy Launch Vehicle. Cape Canaveral is the launch base location.
