UNCLASSIFIED

(U) The Survivability Assurance Office logo has space themes and styling to resemble the NRO branding, making a connection to the parent organization.

(U) Superimposed on an orbit are a shield and sword, held in a defensive position. Both tools are necessary to guard our mission capabilities.

(U) The chessboard pattern on the shield represents the complexity of the contested environment in space.

(U) The constellation in the background of the logo is Cetus. Cetus was a sea monster that was sent to terrorize the ancient land of Ethiopia. The constellation represents a large and seemingly invincible enemy that can be overcome with careful application of protection.
