

P R I O R I T Y

<p style="text-align: center;"><b>SPEED LETTER</b></p>	REPLY REQUESTED <input type="checkbox"/> YES <input type="checkbox"/> NO	DATE 7 January 1971  LETTER NO.
TO : Mr. Pettibone/Mr. Walter  ATTN:	FROM: Mr. Clarke	
<p>Gerry/Frank:</p> <p>Following up on my conversation at staff this a. m. I would like you both to prepare a terms of reference for a planning study dealing with the next and future dimensions of EOI. The coverage (including appointees) should reference the preparation of a five-year plan (or whatever period is reasonable) which incorporates all the relevant information and options available (or propose studies to ascertain such relevancy) and treats this information in an objective fashion. The effort will be directed by the ExDir and should rack into all directorates involved. This is a substantive study which will take full time over several months. I need first drafts for discussion with ExDir before he departs 14 January.</p> <p style="text-align: right;">JMC</p>
