IAS - 98/68

MEMORANDUM FOR: Deputy Director for Intelligence

SUBJECT : Planning for a [] Photographic Satellite System

REFERENCES : NPIC Memorandum, BYE-3039-68, dated 10 October 1968
DDI Memorandum, BYE-1420-68, dated 22 October 1968

I have reviewed the referenced documents with understandable interest since a [] reconnaissance system would certainly have a significant impact upon the intelligence community, including the Imagery Analysis Service. I believe that IAS could contribute to the proposed task force by providing inputs based on our operational experience in the imagery analysis process, and recommend that we be assigned membership or, at the very least, observer status on the task force.

HOWARD STOERTZ, JR.
Director
Imagery Analysis Service
