MEMORANDUM FOR MR. PLUMMER

SUBJECT: DNRO Testimony for the House Appropriations Subcommittee

I received a call from Mr. Snodgrass, House Appropriations Subcommittee Staff, confirming an earlier indication that your appearance before the HAC was being deleted from the schedule. Your testimony was deleted along with a number of others as a result of the Committee's attempt to accelerate action on the appropriation request.

Mr. Snodgrass requested an informal mini-hearing, to be held in our office on 16 June. He will be the only representative from the HAC and current plans are for Col Wheeler and myself to provide an informal briefing on the FY 76 NRP budget request.
