F
Mr. Flummer -

I have had word from two sources this morning that there will be a budget meeting with the Medici Subcommittee of the House Armed Services Committee on Monday, 1 April.

Jim Vance from Hall's office alerted that Mr. Colby and Mr. Hall would go over, and that you and I would be invited, but no indication of our participation or timing.

John Clark from the IC Staff called later, said the meeting would be at 10 A.M., and that we might be on for a 1 hour presentation, or might be separate. I told him we had a short pitch on addressing the news articles on "cost over-runs" (which you gave to the FIAB), and Clark thought this might be worked in to the first session anyway.

I'll keep you posted on further developments.
