MEMORANDUM FOR GENERAL BERG

SUBJECT: Launching History

The attached listings show military, civilian, and NRP launchings from the Western and Eastern Test Ranges.

The numbers appearing under each heading represent "successful" launchings; a successful launching is defined as a payload injected into orbit. Furthermore, we have defined 417 launchings as military -- not NRP -- throughout the 417 program.

PAUL E. WORTHEMAN
Colonel, USAF
Assistant to the Director
