MEMORANDUM FOR NRO STAFF (Lt Col Hofmann, SS-5)

Subj: Comments for PFIAB Report

The following comments are submitted for inclusion in subject report. Feel free to make modifications as you desire as long as the substance remains essentially the same. Give me a call if you have any questions (extension 22387).

Effective 5 January 1971 the responsibility for Program C was reassigned by the Chief of Naval Operations to the Naval Material Command from the Assistant Chief of Naval Operations (Intelligence) [REDACTED]

[REDACTED] the organization is analogous to Program A (SAFSP), located at the Space and Missile Systems Organization (SAMSO) in Los Angeles.

[REDACTED] will continue to be responsive to the Director, NRO, for the development and operation of the [REDACTED]. In addition, the Director, Program C, [REDACTED] the responsibility to assess NRO space systems and technology for use in surface ocean surveillance, subsurface ocean surveillance, and other problem areas faced by the Navy.

An agreement signed by Admiral Zumwalt, CNO; Dr. Frosch, OASN (R&D); and Dr. McLucas, DNRO, on 2 April 1971, stated that existing assets which would include space systems, technology, facilities, and expertise would be used wherever possible to meet desired goals with a minimum of redundancy. The use of [REDACTED] for ocean surveillance, in addition to [REDACTED] of the [REDACTED] No-Soviet Bloc, is an obvious first step.

Studies are now being pursued by Program C to determine the best existing systems or variations thereof to support the ocean surveillance mission for both the
